Payscale's 13th Annual Compensation Best Practices Report

payscale.com/cbpr

"I love this report and
can't wait to dig in."

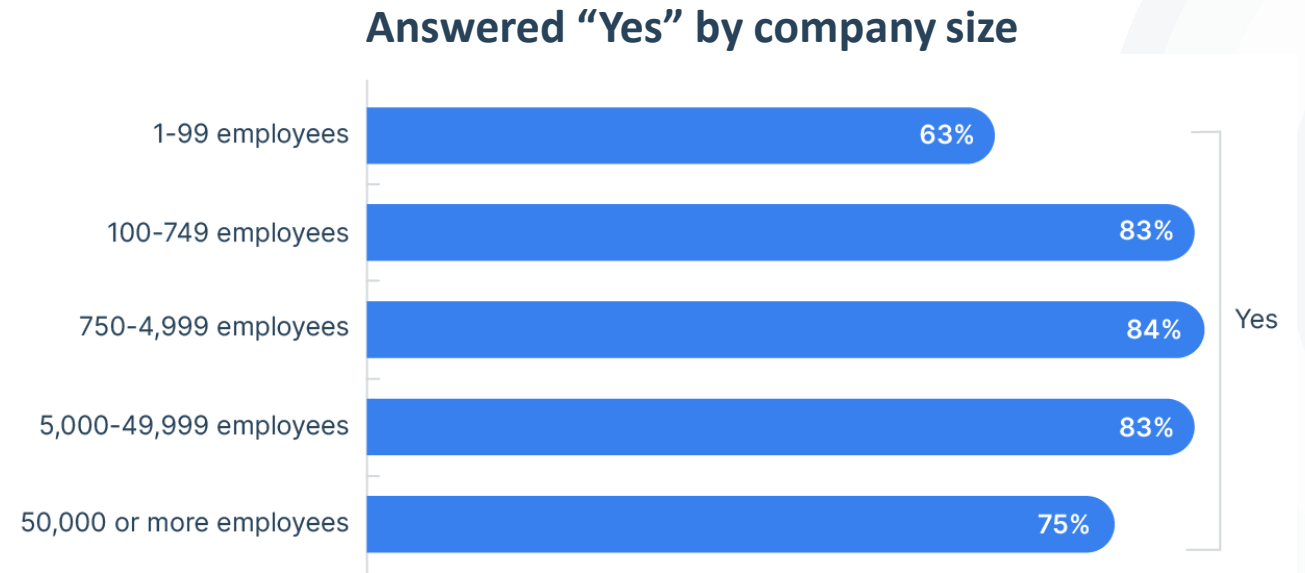

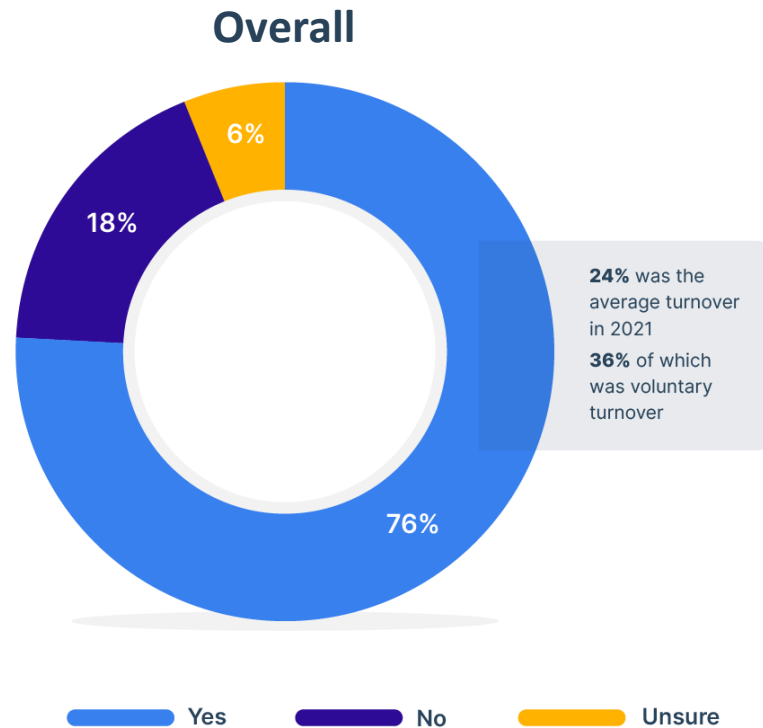

-Teri Zipper,
Managing Partner,
Sapient Insights

Payscale's 2022 Compensation Best Practices Report is a 60+ page analysis of compensation trends and charts taken from our survey of 5,578 respondents gathered responses from November 2021 to January 2022.

Cuts of the data include:

- Company Size (1-99, 100-749, 750-4,999, 5K-49,999, 50K+)
- Industries (15)
- Top Performers vs. Non-Top Performers
- Compensation Team vs. No Compensation Team

Have you experienced labor shortages or trouble attracting talent in 2021 that is greater than previous years?

What is your organization doing to attract and retain talent?

We asked organizations what they are doing to attract and retain talent in the current economy for salaried or high wage workers versus low or minimum wage workers.

For both groups, the most popular strategy is to raise wages or salaries.

What is your organization doing to attract and retain talent?

We asked organizations what they are doing to attract and retain talent in the current economy for salaried or high wage workers versus low or minimum wage workers.

For both groups, the most popular strategy is to raise wages or salaries.

More organizations are recognizing a need for a strategic approach to compensation.

86% of orgs say they have a compensation strategy or are working on one — a **10%** increase from last year and a **16%** increase from previous years (when this stat hung out at **70%** YOY).

However, only about half of orgs are confident in their strategy.

Does your company have a formal compensation strategy/philosophy?

Which sources do you use to obtain market data in 2022?

Sources ranked by how much you trust and rely on them for market pricing

Did you make significant changes to your compensation data strategy in 2020 or 2021?

Importance of compensation activities in the next few years compared to today

How will you prioritize the following compensation activities in 2022 compared to previous years?

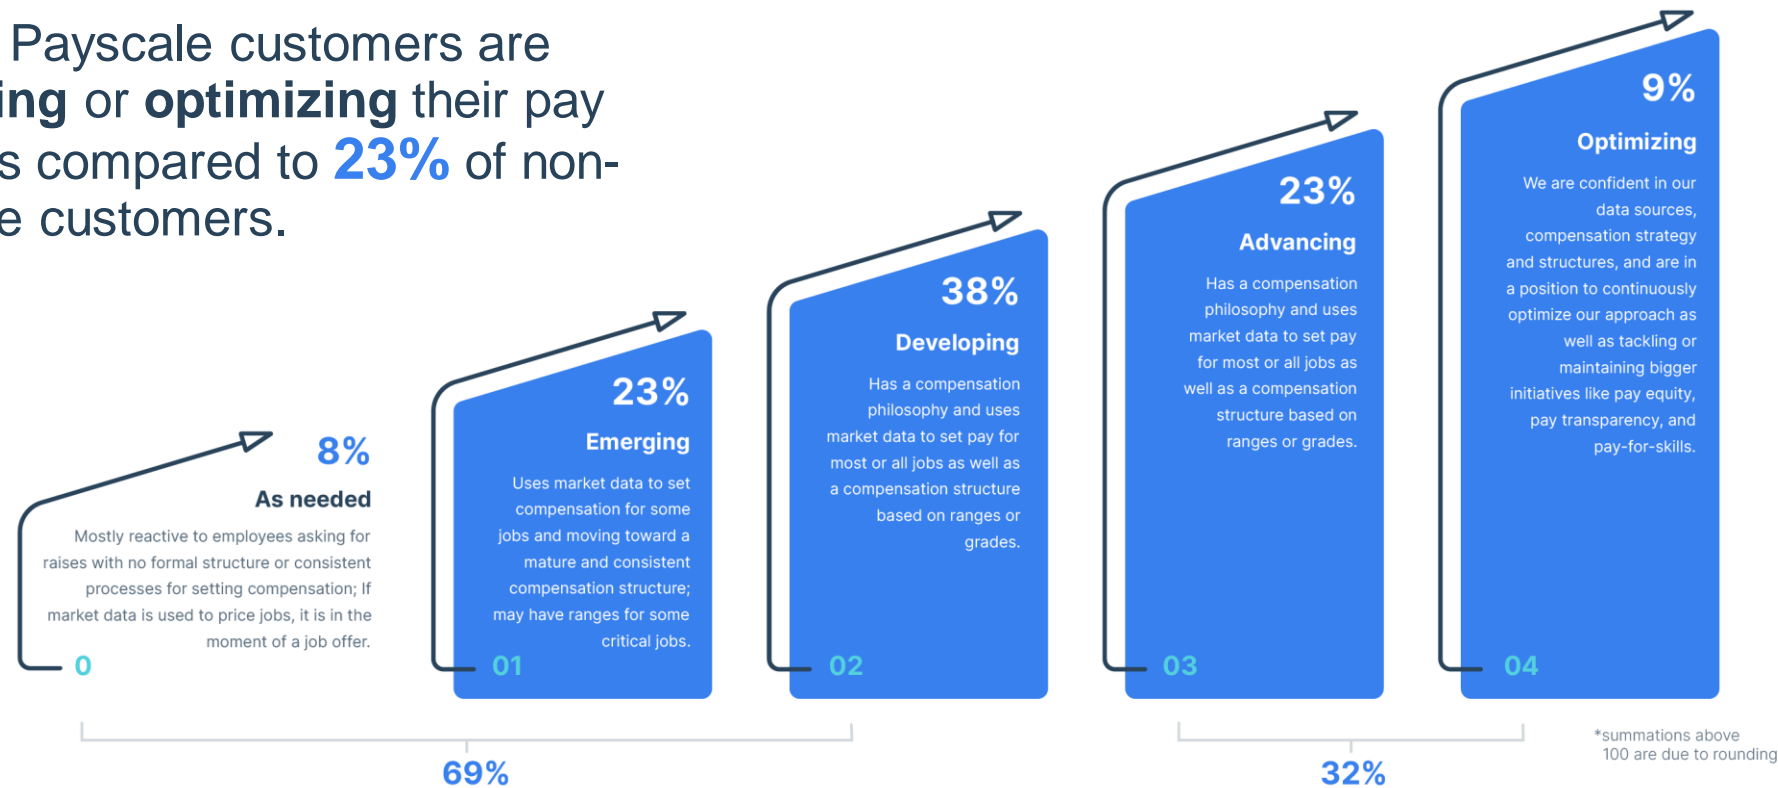

Greatest challenges and investments for HR going into 2022

Organizations are more likely to take advantage of compensation best practices and progress along the compensation maturity spectrum as they partner with Payscale - but there is room to grow.

41% of Payscale customers are **advancing** or **optimizing** their pay practices compared to 23% of non-Payscale customers.

Payscale supports effective compensation management

Payscale Portfolio Vision

Building Fair Pay Into the DNA of Compensation

We want organizations to build trust with their employees through increased inclusivity, transparency, and fairness in every aspect of compensation from making a new hire to helping managers better communicate pay.

Growing & Evolving the Peer Data Set

Peer data is one of the cornerstone data sets for organizations who want timely and transparent data that is customizable based on specific peers.

We are constantly talking to customers about the best way to grow set and increase the level of functionality to analyze and leverage this data to make compensation decisions

Growing the Crowdsourced Data Set

We are continuing innovation to ensure that this data set continues to grow and that the data we collect provides insight into the fast-moving market.

Pay equity intent is on the rise.

For the first time in the history of CBPR, pay equity analysis is now something a majority of organizations are planning on doing.

Is pay equity analysis a planned or current initiative at your organization?

2022 state of the Gender Pay Gap report

RESEARCH REPORTS

2022 State of the Gender Pay Gap Report

Payscale's 2022 gender pay gap report reveals how much women are paid compared to men with analysis by race, job level, age, education, industry, and occupation, as well as unemployment during COVID-19, with insight on how employers can help close pay gaps.

payscale.com/research-and-insights/gender-pay-gap

The gender pay gap over time

Uncontrolled Gender Pay Gap (Opportunity Pay Gap):

Measures median salary for all men and all women regardless of job type, seniority, location, industry, years of experience, etc.

Controlled Gender Pay Gap (Equal Pay for Equal Work):

Measures pay for men and women with the same job and qualifications.

Uncontrolled gender pay gap

This "opportunity pay gap" measures median salary for all men and all women.

Women earn

82¢

For every \$1 earned by men

Controlled gender pay gap

This measures median salary for men and women with the same job and qualifications.

Women earn

99¢

For every \$1 earned by men

Make the commitment to talk about fair pay

Talking about pay more openly increases transparency, reduces bias, and helps to close pay gaps.

At Payscale, we aim to **spark a real conversation around pay** by providing you with the tools and best practices to have informed pay conversations.

We've created a new **Fair Pay Handbook** to give you the steps and tools to help establish clear pay strategies and structures, guide you on how to have effective pay conversations, and provide you with powerful data to support pay transparency and fair pay initiatives so that you can work toward achieving fair pay within your organization. The handbook includes:

Overview of the Journey to Fair Pay

Step-By-Step Guide to Effective Pay Communications

Fair Pay Statistics You Should Know

Let's talk fair pay

Your fair pay handbook

Talking about pay is still taboo for many. Employees are not confident in how to approach their employer, and many employers are not prepared to have pay conversations, so they are often discouraged. But pay conversations are a vital driving force in creating fair pay for everyone, hence the importance of committing to talk about fair pay.

At Payscale, we aim to spark real conversation around pay by providing employers and employees the tools and best practices to understand how to have an informed conversation together around pay. If we all talk about pay more openly in a more informed manner, we increase transparency, reduce bias, and ensure fair pay and ultimately help to close pay gaps.

This handbook will give you the steps and tools to help you establish clear pay strategies and structures, guide you on how to have effective pay conversations, and provide you with powerful data to support pay transparency and fair pay initiatives so that you can take action and work toward achieving fair pay within your organization.

Recent Updates & A Look Ahead

What's New

Employees & Jobs Tiles – Improvements

See additional insights, including job description, pricing details and market data directly from a job within the Jobs Tile. Also access any employee's information, pay, pay history from the Employees Tile with four new standard views to see employee data.

Survey Participation Templates in Payfactors – Improvements

A streamlined survey participation experience will give Survey Management users more control over when and how they participate in market surveys using templates from the many partnerships Payscale currently has today. Users could see a reduction in survey participation time.

Salary Structure Tile – Improvements

In addition to a more modern experience, users with access to Salary Structures will have clear visualizations where they could take action to ensure fairness, catch compression, and proactively respond to market changes

What's Next

Compensation Planning – NEW Look

Compensation Planning will have a new cleaner and more intuitive user experience.

The NEW Payfactors – NEW Data & Product Look

Payfactors will be the only compensation platform with access to three dynamic data sets to understand where pay trends are going while making the best pay decisions for your organization and people today. There is also a new look and feel.

Job Description Management Collaboration – NEW Features

Increase collaboration of job descriptions by easily collecting input from multiple stakeholders to ensure accurate hiring and market pricing.

Comp Planning

Compensation Planning by Payscale

Payscale Compensation Planning is a bulk compensation review and adjustment solution that supports cross-functional processes including salary, bonus, and long-term incentive awards – all in one unified platform.

What's New?

New user experience! The new user interface will provide a more modern user experience and increase the overall ease of use for customers.

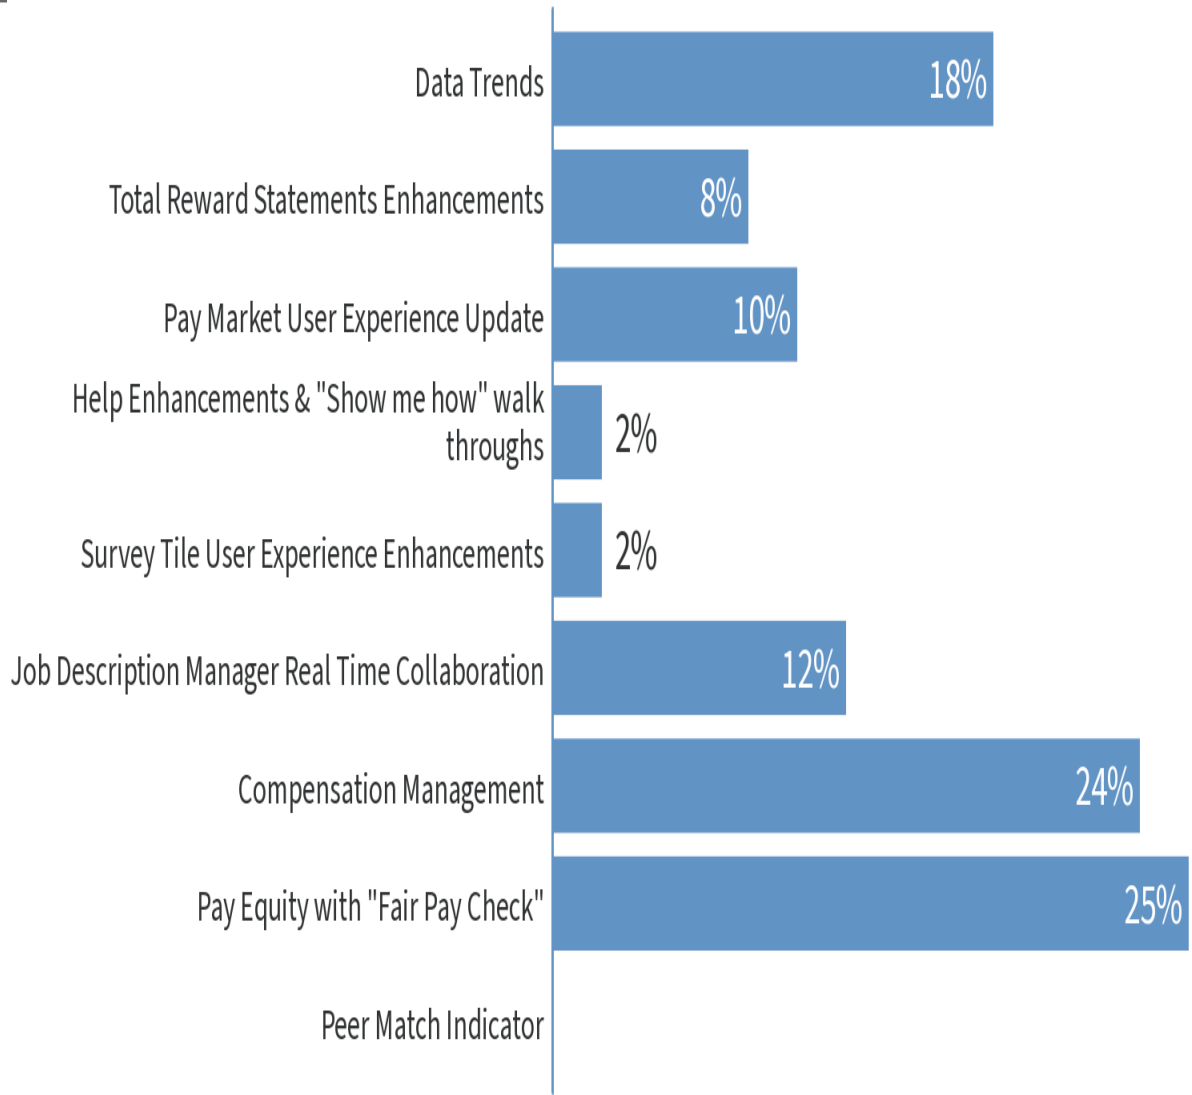

The screenshot displays the Payscale Compensation Planning interface. The top section shows a table of employee compensation data for 'Executive Review 2021'. The table includes columns for Employee Details (ID, First Name, Surname), Pay band min/max, Current range penetration, Current gap to mid point, Guideline increase, % Salary increase, Proposed increase amount, New salary - proposed, Rounded new salary, and New FTE salary. The table lists 10 employees, with some rows highlighted in red or yellow to indicate specific actions or status. Below the table, a summary row shows a total of EUR 1,023,794.12. The bottom section shows a budget summary table with columns for Budget, Spent, and Available, and rows for Salary Budget, Bonus Budget, and Total.
